Serial No. 08/307,621

Filed: November 14, 1994

For: **USE OF TRANSGLUTAMINASE INHIBITORS
FOR THE TREATMENT OF SCAR TISSUE**

**DECISION
ON PETITION**

This is a decision on the PETITION TO ACCEPT PHOTOGRAPHS, filed under 37 CFR 1.84(b)(1) and received December 2, 1996, to permit entry of photographs since three sets of black and white photographs, developed on double weight photographic paper or permanently mounted on bristol board, have been submitted, and the required fee has been paid under 37 CFR 1.17(h). It is pointed out that the photographs are of Figure 1-8. The instant petition has been accepted as a renewed petition under 37 CFR 1.84(b)(1) from the Decision On Petition of May 3, 1996.

All of the requirements for acceptance black and white photographs have been met; however, the sheets of drawings (photographs) do not satisfy the requirements of 37 CFR 1.84(g) - Margins, (t) - Numbering of Sheets of Drawings, and (u) Numbering of Views.

* Applicants are given Thirty (30) days from the date of this letter to file corrected drawings (photographs).

The petition is **GRANTED**.
